Education

Narula Institute of Technology (NIT) Kolkata

2015 - 2019

B.Tech-Electronics and Instrumentation

Experience

TATA CONSULTANCY SERVICE (TCS)-Assistant System Engineer

2021 - Present

Developed and implemented automation scripts for the use of mainly UI testing purposes which reduced the manual effort by 30%. Also worked in API Testing as a Manual Tester

ROITech-Associate Developer

2020 - 2021

My Main domain of work was in Education Domain. Developed a Hybrid Mobile Application a part of student application(apk) for the client Itelligence AG.

The application involves a full stack web development where my contribution was mainly in the frontend part.

Propel Schools-Web Developer Intern

2019 - 2020

My main involvement was on the frontend part of the web apps and websites.

The responsibility which was assigned to me was to modify websites(as per the client/s requirements) from layout to function and debugging and maintenance.

Project

Story Book App

A Short Stories app with Google OAuth as authentication. Where users can create edit and delete public and private stories.

Its a demonstration of the CRUD process.

Daily News App

A node js application that fetches news data from newsapi.org
